VIEW FROM WITHIN: To decide to view these layered abstract paintings as they were painted is to choose where you want to place yourself from within. When down is up and back is forward, you tend to see the unexpected. A chance view only comes when you allow yourself to see it as it was meant to be seen. It's all in how you see it.

"Palette Knife of the Gods" by Kevin Teare, 2015. Oil on canvas, 41 x 48 inches.

"Particle Physics Series: At the Edge" by Katrina J. Murray, 2014. Oil on muslin on panel, 18 x 24 inches.
