by Pat Rogers

The gallery list for Art Basel Miami Beach 2016 has been revealed with 269 leading international galleries selected to exhibit in the December art fair that is height of Miami Art Week (also known as Art Basel Miami Art Week). Drawing from 29 countries from North and South America, Europe, Asia and Africa, most of the galleries will be familiar to Art Basel Miami Beach attendees. Being accepted into Art Basel Miami Beach is sought-after fair and is competitive: 98% of last year's galleries reapplying to return, according to the art fair.

The majority of the galleries are based in North America and Europe with concentrations in New York City, London, Paris, Berlin and Los Angeles. New York City has the highest number of galleries per city with 76 galleries from New York City exhibiting in December. London weights in next with 29 galleries; Paris has 19 galleries exhibiting; Berlin has 18 galleries and Los Angeles has 14 galleries. It's worth noting the larger galleries can have multiple locations and each was counted as an individual gallery in the totals cited.
