Like the Hamptons in the 40’s, 50’s, and 60’s, Upstate New York has become a mecca for cutting edge artists both established and emerging. Gallery @ 46 Green Street Studios has been at the center of this creative explosion, providing a space for artists to work and exhibit their work. Our latest show, “Art Is Home III,” will showcase some of the very best work being produced in Upstate New York. It will be hard not to feel at “home” among the ghosts of Pollock, De Kooning, Rothko, Krasner and Kline.
